# TIMBERLOST

Outfitting

- Safety belt (bring your own or we can supply)
- No scent shampoo & body wash (H.S. Scents, Scent Shield, etc.)
- Scent eliminator spray
- Scent Lock suit (optional but definitely recommended), liner system is fine also
- Camera and extra batteries or charger
- Small flashlight
- Fanny pack or small day pack for miscellaneous items
- Shoes or slippers to wear in camp
- All clothing that is to be worn while hunting should be washed in no scent laundry detergent and stored in sealed plastic bags prior to arrival at camp. (This also applies to new clothing)
- PLEASE DO NOT USE BALLISTIC TIP BULLETS** - they are a very good bullet but they were not designed for the type of hunting (thick brush) that we are doing. Nosler Partition, Barnes X, etc. are good choices
- Muzzleloader Hunters: Please notify me of the type of gun powder you will require & I will arrange to have some at camp, as it is illegal to transport it on the airlines
- PLEASE DO NOT USE MECHANICAL BRODHEADS** - they are only good for a perfect brodside shot we recommend a fixed Brodhead. We have had many wounded bear get away with mechanical heads.
- Please remember that a passport will be required to travel to and from Canada!
- Also Note: If you have had an impaired driving charge you could be refused entry into Canada. Permits are available but they take several months to process

## For Whitetail Deer Hunts...

- Warm clothes (underwear, wool socks, etc.) Layering is best and down fill is very warm
- If you have trouble staying warm in the stands you should consider "The Heater Body Suit" or a "Cocoon". These are basically sleeping bags that have been modified for hunting and I can personally say that they make it easy and even comfortable in 20 below weather all day.
- Adequate supply of hand warmers (minimum of 4 per day). We recommend the body size packs.
- Gloves & Boots (boot blankets & hand muffs are recommended). Also a light pair of wool gloves to wear inside of hand muff.
- The outer layer of your jacket has to be red, orange or white (white is best). You can wear camo pants or whatever color you want. Hat or toboggan must be

orange. Outer suit should be fleece or wool (something quiet). Do not use Gore-Tex as your outer layer because it gets noisy when it is cold. Camouflage orange or white is **ILLEGAL**.

- Face mask and warm hat - we recommend "Mad Bomber" rabbit fur hat in blaze orange.
- Good pair of mitts and ski-goggles for driving 4-wheelers.

### For Black Bear Hunts...

- Thermal Cell
- Mosquito face net
- You can dress in camo if your hunting with bow
- If you hunt with a rifle you need to wear a coloured jacket (white, orange white) and an orange or red hat.
- Rain Gear
- Rubber Boots
