

Supply List for Black Bear Hunts

- Small flashlight
- Lighter or matches
- Rain Gear
- Thermal Cell a must have
- Rubber Boots
- Mosquito face net
- You can dress in camo if your hunting with a bow
- If you hunt with a rifle you need to wear a colored jacket (white, orange, red) and an orange or red hat
- Scent eliminator spray
- Shoes or slippers to wear in camp
- Camera & extra batteries or charger
- Safety belt (bring your own or we can supply)
- Fanny pack or small day pack for miscellaneous items
- No scent shampoo & body wash (H.S. Scents, Scent Shield, etc.)
- Scent Lock suit (optional but definitely recommended), liner system is fine also
- Muzzleloader Hunters: Please notify me of the type of gun powder you will require & I will arrange to have some at camp, as it is illegal to transport it on the airlines
- All clothing that is to be worn while hunting should be washed in no scent laundry detergent and stored in sealed plastic bags (This also applies to new clothing)
- PLEASE DO NOT USE BALLISTIC TIP BULLETS - they are a very good bullet but they were not designed for the type of hunting (thick brush) that we are doing. Nosler Partition, Barnes X, etc are good choices
