STUFF YOU NEED TO KNOW:

- ✓ Muzzleloader Hunters: Please notify me of the type of gun powder you will require & I will arrange to have some at camp, as it is illegal to transport it on the airlines or we can buy it Sunday morning at Cabelas.
- ✓ You will need to print off a Firearm Declaration form and fill it out so you can bring your firearm across the border.
- ✓ Please remember that a passport will be required to travel to and from Canada!
- ✓ If you have any criminal chargers including driving while impaired you might not get across the border, but I have contacts that can get you the right papers so you can cross the border.
- ✓ The outer layer of your jacket or vest has to be red, orange or white.
- ✓ You can wear camo pants or whatever color you want.
- ✓ Hat or toboggan must be orange.
- ✓ Outer suit should be fleece or wool (something quiet).
- ✓ Do not use Gore-Tex as your outer layer because it gets noisy when it's cold.
- ✓ Camouflage orange or white is ILLEGAL.
- ✓ Bring a check in case you want to rebook for the next season. I give all my repeat hunters first pick to keep their spots before I let new guys in but the deposit has to be paid before you leave.
